### Course Objectives:

Intermediate Golf is an activity course that the students are given the opportunity to go to the golf course, and see what skills they have developed and what areas need improvement. All the students have already had the beginning course, but that does not mean they are ready to go and play on a regulation course. Hopefully by being there with them I am in a position to help them with situations that we have discussed with them in the beginning course, but were not able to see them in the REAL sense. It also affords me the opportunity to correct any mistakes that they are making, or offer suggestions on something they may want to try to help them enjoy the game even more.

### Required Textbook:

None

### Course Requirements:

1. Since the class only meets once a week attendance is mandatory at all classes.
2. Proper golf etiquette.
3. Adhere to all the rules of golf.

### Method of Evaluation:

All activity courses are graded Pass/Fail. Attendance is mandatory.
