## Daily work and preparation of assignments

This course is designed to help you continue to develop written and aural theory skills. Class sessions will involve mostly experiential and "performed" work. Thus, class attendance and participation are crucial and account for 20% of your grade. Excused absences will not count against you, but you must supply a doctor's note if you are sick. Each unexcused absence will result in points deducted from your grade. *If you are absent, you are responsible for getting updated assignments from a classmate and coming prepared to your next class.* If you arrive to class more than ten minutes late, you will be considered absent with the exception of weather problems or other circumstances beyond your control.

Your daily assignments and preparation are 40% of your grade. For each class you will be expected to prepare materials for oral performance, along with occasional written exercises. *Late written work will not be accepted except under special circumstances*.

#### **Grades**

The course grade is based on class preparation and assignments, attendance and participation, and four skill assessments. The participation grade reflects your attitude and enthusiasm in performance and interest in working on skills in class. Written assignments may be gone over in class, but you should be prepared to hand them in.

The grade distribution is as follows:

Daily preparation/assignments 40% Attendance/Participation 20% Assessments 40%

Demonstrably prepared Inconsistently prepared Often unprepared Consistently unprepared A/A- 90-100 B+/B/B- 80-89 C+/C/C- 70-79 D+/D/D-/F 0-69

## **Academic Honesty**

Students must adhere to college-wide policies on academic honesty as described in the Student Handbook.
