Course Description:

A course which applies nursing knowledge, interventions and attitudes for vulnerable populations challenged by acute and chronic alterations in physical and mental health. Students analyze responses to mental health crises and episodic interruptions of health, and experience collaborative health care delivery in a variety of settings.

Course Objectives:

1. Synthesize knowledge from the humanities, sciences, public health, ethics and nursing theory as a basis for determining and prioritizing health needs of challenged populations.
2. Collaborate with community and health care team members to foster optimal health of individuals, families and communities.
3. Utilize nursing roles in planning, providing, and evaluating care for clients in a variety of settings and clinical partnerships.
4. Address cultural and spiritual concerns in providing holistic care to individuals, families, and communities.
5. Demonstrate leadership and professional accountability in partnership and care provision in a variety of settings.

Course Credits/Unit/Hours

Course Units: 1

Theory Hours: 3

Clinical Hours: 8 per week

Prerequisites: All required sciences; all required nursing courses **Co-requisites:** NURS 313

Required Textbooks:

ATI Content Mastery Series: Mental Health Nursing 7.0; Pharmacology 4.0; Community Health

Course Requirements:

1. **Class and Clinical attendance is an expectation.** Students are expected to be prepared and attend all class/clinical meetings. This includes completing assignments prior to attending class/clinical. Tardiness is a distraction to the class and will not be tolerated.
2. **If unable to attend a class,** please contact the course faculty via email or phone. Students are responsible for providing a doctor/health center excuse for an excused absence. Students are responsible for obtaining any notes, handouts, or other class items from classmates. Students who do not follow this policy and miss class without an excuse will have 1 point deducted from their final grade for each unexcused absence. **If unable to attend clinical,** the student must contact the clinical instructor and the agency prior to the morning of the clinical experience. Alternative assignments may be required at the discretion of the course faculty. See Attendance Policy in Nursing Student Handbook.
3. Plagiarism is the intentional use of another's words or ideas as your own. This can range from using another individual's direct words or changing the words slightly (paraphrasing) without the appropriate citation to purchasing a paper from the Internet or a professional writing service. Refer to the Moravian College Academic Honesty Policy in the Student Handbook. APA format is required for all written assignments.
4. Accommodations for learning and other disabilities cannot be provided until authorization is received from the appropriate disability support provide on campus. (Extension 1510). Students who wish to request accommodations in this class for support of learning disabilities should contact Mrs. Laurie Roth, Director of Learning Services. Students who wish to request accommodations for support of other disabilities should contact Dr. Ron Kline, Director of the Counseling Center.
5. All examinations are to be taken at the scheduled time, unless the instructor is notified of a competing previously scheduled scholastic or athletic activity. Any individual who is not at the scheduled examination based on a claim of illness is required to provide appropriate medical documentation of a valid medical reason for absence. An alternate examination may be determined by the course faculty.
6. Completion and satisfactory achievement of all course objectives in the laboratory and clinical settings, and curriculum requirements including standardized assessment tests (ATI Mental Health Examination, ATI Medical-Surgical Examination).
7. Learning activities stated on the topical outline section of this syllabus are to be completed prior to class time. The student can expect to work approximately 10-12 hours per week in preparing for this class.
8. Demonstrate expected professional behavior and appearance when in the classroom and clinical laboratory (both uniform and street clothing).
9. Maintenance of confidentiality for all assigned patients or clients as required by law (HIPAA). Students will be required to read and know agency policies on confidentiality and may be required to sign agency forms on confidentiality.

Clinical Learning:

Students are required to earn a *Satisfactory* clinical evaluation in each nursing course in order to progress in the curriculum. Failure to earn a *Satisfactory* clinical evaluation will result in a grade of F in the course.

Students are expected to adhere to the policies and procedures of the clinical agencies in which they are assigned.

Methods of Evaluation:**

1. Reaction Paper (Community Health Topic)*	10%
2. Exploratory Paper (Psych/MH Topic)*	10%
3. Health Promotion and Prevention Seminar*	5%
4. Exams (3)	55% (15%; 20%; 20%)
5. Final Exam	20%
Total	100%

* Portfolio Evidence to support student development based on core components.

** The Moravian College nursing program is accredited by the Commission on Collegiate Nursing Education. As part of the accreditation process the program must provide evidence of assignments completed by students. Any of the methods of evaluation used in this course, may be used as evidence of student assignments during the accreditation process.

Core Components:

<u>Community</u>	<u>Holism</u>	<u>Inquiry</u>	<u>Professionalism</u>
Health Care	Spirituality	Assessment	Accountability
Economics	Health Promotion	Critical Thinking	Advocate
Health Policy	Wellness	Reflectivity	Coordinator
Vulnerable	Caring	Research	Educator
Populations	Morality		Leadership
Human Diversity			Professional Values
			Ethical Standards

Grading Policy:

Assignments are expected on or before their due date both for class and clinical. If class assignments are submitted late, five points per day will be deducted from the grade.

The grading scale is as follows:

A = 93-100	B- = 80-82	D+ = 67-69
A- = 90-92	C+ = 77-79	D = 60-66
B+ = 87-89	C = 73-76	D- = 60-62
B = 83-86	C- = 70-72	F = <60

Please note that it within the instructor’s purview to apply qualitative judgment in determining grades for any assignments and for the course final grade.

ATI: Mental Health Nursing and Community Health Nursing:

*Extra credit will be offered for the successful completion of the proctored assessments. **Extra credit will be awarded for each assessment (mental health nursing and community health nursing). Points earned through extra credit will be added to the lowest examination grade.**

Extra Credit	
Completion of the ATI online practice assessments at 90% or better in Mental Health Nursing and Community Health Nursing prior to the proctored assessment test date.	1% of grade earned
Completion of the ATI proctored assessments in Mental Health Nursing (extra credit awarded is based on the earned proficiency level)	
Level 1 Proficiency Met	2.5% of grade earned
Level 2 Proficiency Met (program benchmark)	5% of grade earned
Level 3 Proficiency Met	7.5% of grade earned
Performance below Level 1 Proficiency	Demonstration of successful focused review as described below

*Students will be required to show proof of successful review / remediation in low performing areas. This may include reviewing content in modules or completion of case studies in review modules or through other strategies. In any case, students will be required to earn of score of 95% or better on the online practice assessment. The student may take the online practice assessment as many times as needed to achieve this outcome. **For all students earning less than a Level 1 proficiency on any proctored assessment, the student is required to earn a grade of 95% or better on the online practice assessment in order to fulfill program and graduation requirements.***

Please note while the instructor will try to hold to the flow of the course outline, it may change over the course of the semester. Students will receive notification of syllabus changes in class or through electronic communication.
