COURSE OBJECTIVE: This course is designed as an introduction to accounting, the language of business. Accounting provides financial information to decision makers primarily by means of general purpose statements of operating results, financial position, and cash flow. This course concentrates on the application of accounting theory, standards, principles, and procedures to accounting problems. The fundamental rationales for the various aspects of financial accounting are stressed. Upon successful completion of the course students should be able to: 1) Understand accounting terminology, 2) Use accounting information in decision making, 3) Understand basic financial statements, their underlying concepts, and their relationship to each other, 4) Complete the basic processes underlying the accounting cycle, 5) Understand the various elements of internal control and the regulatory process, and 6) Analyze an organization's financial statements using financial ratios.

Table with 2 columns: COURSE GRADING and percentage. Rows include Exam 1 (25%), Exam 2 (25%), Class Assignments (25%), Final Exam (25%), and Total (100%).

GRADING SCALE:

94 & above: A; 90 - 93: A-; 87 - 89: B+; 84 - 86: B; 80 - 83: B-; 77 - 79: C+; 74 - 76: C; 70 - 73: C-; 60-69: D; <60: F

HOMEWORK: All homework must be typed using Excel or Word and is due on the dates as assigned and is worth 10 points each. Homework turned in late will have 1 point deducted for each day it is late. If you know that you will have a conflict in turning homework in on time, it is your responsibility to clear it with the instructor so late points will not be deducted. All students are expected to adhere to the college policy on academic honesty as outlined in the Student Handbook accessible on the Moravian Web Page. In particular, you must do your own work for anything to be handed in and graded. It is O.K. to ask/work with other people, however, you must type your own solution to each problem/exercise.
