Education 326 is a four-credit course. It is designed to introduce the pre-service teacher to the theory and practice of literacy instruction including current research in language and cognition, and the implications for teaching listening, speaking, reading, writing, and visual representation. The structure of the class will enable everyone to actively participate in classroom teaching. An equally important purpose is to open up the world of children's books to the prospective teacher, and to show how literature may be used to facilitate and extend language development.

Course Goals and Objectives:

1. To find pleasure and enjoyment in children's literature through reading many children's books.
2. To show familiarity with the various genres of children's literature and how each might be integrated into the $\mathrm{k}-8$ school curriculum.
3. To identify and understand the values of using children's literature in diverse environments.
4. To design and use a variety of literacy strategies.
5. To be able to design, role play, and teach literature/language arts lessons, which encompasses a variety of literature-related activities and purposes.
6. To show awareness of the way culturally diverse populations are portrayed in children's literature.
7. To begin to build a personal library of children's books and professional books in this field.
8. To understand and teach reading and writing in a classroom including developing comprehension, fluency, vocabulary, and text structure
9. To continue to understand the components of a comprehensive, balanced reading program, which includes literature circles, reading and writing workshop, literature focus units and reading/ writing across the content areas.
10. To be able to work with PA's SAS to develop lesson plans

Write your personal pledge for this course in the remaining space.

## LEARNING ACCOMMODATIONS:

In accordance with the Americans with Disabilities Act, any student has the right to request reasonable accommodations for a disability. Accommodations can be requested through the Academic Support Services on campus. Please note that you will need to present documentation of your disability to the Disabilities Office. Students are encouraged to contact the appropriate individual as soon as possible to enhance the likelihood that accommodations are implemented in a timely fashion. ## TECHNOLOGY STATEMENT:

Integrated into all coursework are identified competencies in the use of technology. Technology will be used to enhance the learning experience, to address learning modalities, to model good teaching, and to increase content knowledge. Smart Board technology will be available to faculty and students. The courses are also dependent on the use of Blackboard. All syllabi, agendas, assignments, assessment tools, videos, and journal articles will be placed on Blackboard. Students will utilize Discussion Boards, Blogs, and Evaluation Center. Students have access to web searches and library holdings through databases both on and off campus. Computer labs, MAC and PC, are available.

## PDE STANDARDS, SAS, AND ASSESSMENT ANCHORS STATEMENT:

PDE has produced academic standards for the following content areas: Math, Social Studies, Science/Technology, Language Arts, Health, Safety, and Physical Activities. PDE has also developed Assessment Anchors. These Standards and Anchors inform student about what they need to know and be able to do at the completion of a course at each grade level. Teacher candidates will be aware of and develop lesson plans using the PA Academic Standards and SAS.

Absence Notification = Attendance in class is very important. Should a personal emergency arise it is important that you let me know this as soon as possible. This will assist me in the design of small group team projects. Please call when you are going to be absent for that day. Missing any class without a phone call or e-mail prior to class time will significantly lower your overall grade. If you are ill, you must give me a doctor's excuse for an excused absence. If you do not have an acceptable reason, your final grade will reflect it. Attendance is of critical importance in order for you to participate actively in discussions, etc.
Food = Water is allowed, but we will be moving around too much to be eating.
Cell Phones = Turn them off. If there is an emergency, you can make arrangements with me before class. If your cell goes off, you will be asked to bring in a snack for everyone the next day we have class. If you text message in class, you will loose all your participation points.

Expected Work Load - For this course, it is expected that you will work between 6-10 hours for preparation outside of class for each week. You also may be asked to apply some experiences in a field experience that you will be having during the time of this course.

References and formatting = Use the Publication of the American Psychological Association, (Current edition) for references. The formatting of your papers must be in Arial 12 font. You will be expected to provide accurate documentation and proper citations for all your written work.

Plagiarism: Always cite your sources if the ideas are not original. If you transcribe words from another work, identify the passage as a quotation and cite the author. If you paraphrase, cite the source. Academic dishonesty will result in notification to the Academic Dean, in accordance with College policy. This will result in a failing grade if rules were broken. This course will follow all the rules for Academic Honesty as found on AMOS.
"All violations of academic honesty reported to the Dean are shared with the Teacher Education Committee at the time the candidate's application for student teaching is being considered. In the past, such violations have prevented the Committee from approving some candidates for student teaching."

## Grading:

Your performance in all areas will be graded in accordance with Moravian College's standards of academic achievement as stated in the Student Handbook.

| $94-100 \%$ | A | $90-93.99 \%$ | A- |
| :--- | :--- | :--- | :--- |
| $87-89.99 \%$ | B + | $84-86.99 \%$ | B |
| $80-83.99 \%$ | B- | $77-79.99 \%$ | C+ |
| $74-76.99 \%$ | C | $70-73.99 \%$ | C- |
| $67-69.99 \%$ | D + | $64-66.99 \%$ | D |
| $60-63.99 \%$ | D- | $0-59.99 \%$ | F |

$\mathrm{F}=$ This indicates failure.
$D=64-67 \%(D-=60-64 \%)(D+=67-69 \%)$ These grades indicate unsatisfactory work, below the standard expected by the college.
C=74-76\% ( $\mathrm{C}-=70-73 \%$ ) ( $\mathrm{C}+=77-79 \%$ ) You meet all requirements adequately.
$B=84-86 \%(B-=80-83 \%)(B+=87-89 \%)$ You go beyond the requirements enhancing your work by doing such things as adding additional resources, related areas or topics, etc.
$A=94-100 \% ~(A-=90-93 \%)$ Your work is definitely outstanding. It goes beyond requirements and shows perception and insightfulness. Extraordinary!!! Everyone can earn an "A" if they care to, though not everyone will put forth the necessary extra effort and time.

It is within the instructor's purview to apply qualitative judgment in determining grades for all of your assignments and your final grade for this course.

## Late work:

- A written explanation handed in on due date; the "Work" will be evaluated and lowered only a half grade if handed in by the end of due week; an additional late week with written explanation means one grade lower.

## Written work requirements:

- All handed in written work needs to be done on a computer. Use your spell checker. Meaning and mechanics both are graded.
- It needs to be organized and identified.
- Please do not hand in work in the plastic page holders.

## Class Arrangements:

We meet once a week for half of a semester. Our class structure will vary. There will be interactive small and large group assignments. For many of the activities, you will physically be participating. You will present demo lessons and activity engage in others lessons. Since you will be in a field experience, many of the assignments will be field-tested.

## Professionalism:

Since this is a course to prepare students to think and act like professional educators, it is expected that students' attitudes and behaviors reflect those responsibilities. Attendance, punctuality, and coming prepared to learn, and collaborating with others are all professional behaviors. These behaviors are important to acquire and are needed for this course. Each person will need to be actively involved with class discussions, prepared to present given tasks to the whole class and remain engaged while others are presenting. Assignments and readings must be done to develop a community of learners. Attendance and participation will be calculated and averaged. It is worth 10\% of your total grade.

Professionalism Scoring Rubric

| Attendance | Arrived and left on time $50 \%$ | Late or left early $40 \%$ | Misses class, but called or emailed and had legal excuse $20 \%$ | Missed class and did not call, but had a legal excuse $10 \%$ |
| :---: | :---: | :---: | :---: | :---: |
| Participation | Encourages others, strong participant, stays on topic, shares ideas, facilitates activities, mentors others, comes "over" prepared $50 \%$ | Collaborates well with others, stays focused, is adequately prepared, actively participates, shares in group work $40 \%$ | Participates when called on, supports group projects, comes to class not quite prepared or is occasionally busy eating $20 \%$ | Talks while others are talking, often not engaged in class discussion or group activities, comes to class not prepared or is busy eating $10 \%$ |

Student and professor will do this.

## Class Time Arrangements:

We meet one time a week for classes. For part of our time together, I will lead literacy demonstration lessons. Some of the time, we will review our text. Other times, we will interact with mini lessons about strategies. Some class time will be for group work or to view teaching videos. Weeks may vary, but I will normally give you an advanced weekly schedule. Our text has an enormous amount of valuable information in it and you are expected to read the chapters for the appropriate weeks.

## Missed Scheduled Presentations:

If you miss your scheduled presentation date for any reason, it will be rescheduled if possible. The presenter will immediately have 10 points deducted from their final grade on the presentation. If you know you will not be able to present on given day, trade dates with a classmate.

Class Structure: The spring session will be divided into several parts to correspond to different focuses. Concepts from chapters will be modeled, but much of the reading will be done independently or in a study group. In Literacy I we worked through some of the chapters. In Literacy II different concepts will be demonstrated, but we will not touch on all the important points because of the time issue. It will be important that you work in a study group to discuss points from the chapters. Class time will be to expand concepts found in text. For the final, both expanded and text concepts will be included. Class time for Literacy II will be focused more on application of content that you have learned from reading, webbing, and/or discussing. The main part will be discussion from Vacca, et al.'s book. Another part will focus on children's literature and sharing of our strategy lessons. Class will end on March $18^{\text {th }}$. On March $21^{\text {st }}$ you will report to your assigned pre-student teaching placement until April $\mathbf{2 9}^{\text {th }}$. During that time, a field supervisor will visit you in your elementary classroom.

March 30 from 8:30-12:00 you will attend a Job Fair at Moravian College.
