COURSE DESCRIPTION:

This course is intended to provide intermediate students with the opportunity to further develop their skills and individual “voices” in the context of digital photography and imaging. Treated as an experimental studio seminar for the production and study of digital image making, demonstrations and tutorials will expand upon the processes and techniques covered in Art 294, while students develop several small photographic series. The focus of this course, however, is on camera handling and image optimization rather than image “manipulation” in Photoshop. All assignments are tailored to emphasize conceptual vision and problem solving as students learn how images can communicate on both a visual and intellectual level. Class examples, discussions, and readings will investigate issues pertaining to art, photography, and contemporary culture, providing a critical, theoretical, and artistic framework for students to develop their work. Along with several short in-class exercises, there will only be 5 projects scheduled for the semester so that students can explore ideas in-depth and gain experience creating small, coherent bodies of work. A Digital SLR camera is required. (the department has a few available for students to check out)

GOALS:

Students will:

- Understand how digital images are made and the critical, theoretical, technical, and social issues that shape the medium, especially as it pertains to the history of photography and mass media production.

- Create works of art in digital media that incorporates the formal elements and principals of design.

- Understand the fundamental language of digital imagery and be able to formally and conceptually critique and analyze a digital work of art.

- Be able to use the appropriate skills and techniques to create work in digital media.

- Learn to visually articulate or express their own concepts and ideas through the digital photo medium.

REQUIREMENTS:

- Keep a sketchbook/photo journal
- Complete all class readings
- Complete 5 main projects and several shorter tutorials and shooting exercises
- Attend required lectures, film screenings, or art exhibits outside of class that pertain to course topics
- Actively participate and contribute to class discussion and critique
- Take a Mid-term Quiz on technical information
- Write a paper and present on a class topic
- Make Final Portfolio CD

There will be 5 main projects plus class/journal exercises:

- Expressive Use of Color
- The Photo Essay
- The Photo Narrative
- Truth or Fiction?
- Final Project
- The Photo Journal

READING ASSIGNMENTS:

I believe that reading is a valuable part of the creative process. You will be assigned short reading assignments and should be prepared to discuss in class or write a brief analytical response in your sketchbook.

MIDTERM QUIZ:

There will be one quiz given on technical information. It is important that you take notes during class lectures, discussions, and slide presentations.

PAPER AND PRESENTATION:

Students will be expected to write a short paper on an issue pertaining to the course topic. Students will give a short in class presentation with visuals on the topic.

SKETCHBOOK/ PHOTO JOURNAL:

Students are required to keep a photo journal. You will also be assigned at least one shooting assignment a week which will be presented in journal format. You also should strive to make at least 2 contributions a week – technical notes, vocabulary terms, ideas, collages, vocabulary, drawings, useful websites, anything that will enhance your performance and work in the class.

FIELDTRIP/ ART DEPT. EVENTS:

- Students are required to attend the department fieldtrip to New York City in the fall:
Friday November 11
November is photo month for the Lehigh Valley – we will be attending at least one event that corresponds with this during the semester (see handout)
- All art students are also required to attend the Rudy Ackerman Visiting Artist Lecture this semester, Tuesday, November 15th @ 6:30 (see hand out)

- Art students are encouraged to attend the Thursday night openings in the Payne Gallery. TBA

FINAL PORTFOLIO:

A final portfolio of your work submitted to me on CD will be due at the end of the semester. (*I will go into this in more detail later in the semester*) Be sure to **SAVE** and **DOCUMENT** all your assignments.

PARTICIPATION:

- Students will be graded on participation in class critiques, discussions, etc. (attendance is mandatory at all critiques and reviews). I believe in setting up a classroom community that encourages a healthy, open exchange of ideas. Learning is a collaborative process and every student's input is a valuable contribution. Participation is 10% of your grade!

CRITIQUE:

Critiques are an integral part of the learning process of this class. Critiques will usually take the form of posing questions intended to stimulate original thought and the formation of opinion. True learning is the result of personal discovery. It is a participatory activity and not a passive experience. Students are expected to share their thoughtful opinions about their peer's work and should come in the form of positive accolades as well as constructive criticism. Students should learn to not take constructive criticism personally and that all comments are meant to aid in their development of seeing and thinking in an objective manner. Another major purpose of the critiques is to learn and utilize the art and design vocabulary needed to describe art formally, conceptually and contextually. Part of your grade depends on your engagement in group discussions and your responses to the work of your classmates.

ATTENDANCE:

The Art Department established this department-wide attendance policy to apply to students in all art classes. PLEASE READ CAREFULLY.

After the second **unexcused absence**, final grade will be dropped by one full letter.

After the fourth **unexcused absence**, student will receive a failing final grade.

- An excused absence is one confirmed by a note from the Dean's Office, Student Services, the Learning Center, or verified with a doctor's note (within 24 hours of illness). Death in family should be confirmed with Student Services.
- Documentation is required for sports. Coach should email a note to instructor confirming matches, meets, departure time for away games, or anything that would require absence from class. Practice is not an excused absence.
- Job interviews or doctor's/dentist's appointments are not to be scheduled during class and are not excused.
- **Missing Portions of Class: The following count as unexcused absences**
 - More than 15 minutes late for class
 - Failure to bring supplies to class
 - Failure to return from break
 - Leaving class half an hour or more early without permission

- Being tardy more than 3 times. Tardiness: being 5 to 15 minutes late for class

NOTE: If you are late or absent, it is your responsibility (not the professor's) to find out what you missed and to catch up in a timely manner.

GRADING:

This class is based on the concept of mastery. Students will be assessed through frequent critiques, classroom projects, homework assignments, and a quiz on technical material. Again, it is important to note that students will be graded on class participation, especially during critiques. Students will be made aware of the expectations for each assignment in terms of grading.

Both the **form** and the **content** of work will be evaluated on each project, as well as *effort, originality, personal progress, and timely completion of assignment*. While competency in basic skills can be objectively determined, creativity and aesthetics are more subjective. The instructor reserves the right to apply qualitative judgments in determining grades.

GRADING CRITERIA IN DIGITAL PHOTOGRAPHY:

LATE ASSIGNMENTS:

I will mark down all late projects one letter grade for each class period they are late unless you give me a satisfactory reason (in my estimation) for their lateness. Projects may be reworked for the final portfolio review.

CELL PHONES AND EMAIL:

All phones must be turned to the Silent position. Absolutely NO texting while in class! If working in a computer lab, absolutely no emailing during class lectures, critiques, or demonstrations. Students that abuse this rule will be marked down on "participation" grade.

DIABILITY STATEMENT:

Students who wish to request accommodations in this class for a disability should contact Mr. Joe Kempfer, Assistant Director of Learning Services for Disability Support, 1307 Main Street (extension 1510). Accommodations cannot be provided until authorization is received from the office of Learning Services.

ACADMIC HONESTY POLICY:

Plagiarism in any form will not be tolerated and will result in a failing grade. Cheating on exams or quizzes is not tolerated and will result in a failing grade. Written assignments are designed to engage students with material covered in class through personal reaction. Papers must be your own thoughts, ideas, impressions, or reflections. The Internet can provide valuable source material, but remember that not all published sites are legitimate. Be aware that I read student papers on this subject every semester and I am very familiar with a variety of information published on the web.

Students who violate the standards of academic honesty face serious disciplinary consequences, including referral before the honor council and/or immediate course failure. For further information, please refer to the Moravian College policy in the Student Handbook.

CLEANLINESS AND LAB RULES:

It is the job of every student to leave the classroom better than the way they found it. Disrespecting your environment and those around you implies poor participation and may affect your grade. We will discuss lab rules in class. Please no food or open drink containers in the lab at any time.

RESOURCES:

The Library- Reeves Library has an expanding collection of photography and art books, periodicals, and catalogues. The Art Department also has a selection of periodicals that you may browse through.

Exhibits- In addition to the Bethlehem/Easton area, there are countless galleries and museums in New York and Philadelphia that are well worth visiting. At least two field trips will potentially be scheduled for this class. Nothing can beat seeing a work of art up close, in the real as opposed to a published version.

Internet- The web is a fantastic resource for finding the works of the old master photographers and newer, emerging artists as well as useful information about materials, techniques, and equipment. Again, be aware that not all published sites are legitimate resources such as Wikipedia.

The Media- Pay attention to articles in newspapers and magazines. Photographic images are EVERYWHERE. Be observant and critical of what you see. Bring to class any interesting finds!
