Attendance & other course policies

- Students are permitted one unexcused absence without penalty. Beyond that, the final semester grade will be reduced by one degree (i.e. B+ to B, etc.) beginning with the second unexcused absence or accumulated lateness. Students are responsible for providing bona fide documentation to the instructor if there is a valid reason for an absence.
- Punctual attendance is expected at all class sessions. Attendance is taken at the beginning of class. Students who are not present at that time will be marked as being absent. Students who arrive late are responsible for seeing the instructor after class to make sure that they are included in the roll. If there is a legitimate reason for the lateness, you must speak to the instructor immediately after that class session.
- Attendance at examinations is mandatory.
- An atmosphere conducive to learning must prevail. Smoking, eating, drinking, cellular phones, pagers and other electronic devices are prohibited. Recording of lectures is not permitted without permission.
- This syllabus is subject to change should conditions warrant.
- It is within the instructor's purview to apply qualitative judgment in determining the grades for all assignments.
