Concert Observation Report

Jazz Artists Epochs

Attend 2 live jazz concerts. Write a brief paper (200-300 words) about the concert answering some of the following questions:

- When and where was the concert held?
- Attach a concert program or ticket stub (if available) to your paper. If neither is available, consult with the teacher.
- Who performed on the concert? What instruments did they play?
- Write about musical elements that you hear (i.e. melody, harmony, rhythm, texture/timbre, expression, form). You do not need to talk about ALL elements, but rather those 3-5 that stand out to you.
- Discuss (using the elements of music we discussed in class) how this music differs from other types of music that you are familiar with.

If possible, answer the following questions

- What type of jazz was performed?
- Why would you categorize it as that type of jazz?
- What 2 or 3 characteristics can you list that this music possesses that categorize it as a type of jazz?
