### **Course Objectives:**

Concepts of Fitness and Wellness: A Comprehensive Lifestyle Approach is designed to provide the cognitive and behavioral skills students need to adopt a healthy lifestyle-based on personal needs- that will promote lifetime health, fitness, and wellness. Rather than tell the student what to do, the course will provide the student with information to become a good problem solver/decision maker and to make informed positive choices about his or her lifestyle.

### **Required \*ebook:**

Corbin, Charles and William and Welk, Gregory and Karen. (2011). Concepts of Fitness and Wellness (9<sup>th</sup> ed.), Boston:McGraw-Hill

**Ebook isbn: 9780077350949**

**Note: Purchase ebook registration code from Moravian College Bookstore**

### **Course Requirements:**

- 1. Class attendance and lab work is required: Missed classes and late lab assignments will result in a grade drop**
- 2. Preparation for each class is an expectation:** Alternative or additional assignments may be required at the discretion of the instructor
- 3. Active participation is an expectation** during class and laboratory sessions:
- 4. Plagiarism is unacceptable:**

You are required to read the entire Academic Honesty Policy, found in the Student Handbook. In short, you need to know that cheating and plagiarism will not be tolerated. Plagiarism is the misrepresentation of someone else's work as your own. This includes such instances as quoting directly from a published work without giving the author credit (i.e. proper citation), inserting the author's words as your own, using or "borrowing" another student's work, buying a paper from a professional service, etc. It is your responsibility to be familiar with what constitutes plagiarism and, in the event of uncertainty, to ask in a constructive manner about an assignment in question before it is due in a final version. You are also required to keep all note cards and rough drafts on papers and assignments until given a final grade for that course. Evidence of plagiarism and cheating will be dealt with in accordance with the college policy on academic honesty found in the Student Handbook. In the event of a suspected infraction – in fairness to your peers and the standards of the college – it is my job to send the materials in question to the Academic Affairs Office. You may meet with Dean Carol Traupman-Carr to discuss the charge and the procedures

for appealing, but she alone does not make a decision on whether or not to uphold the charge or the penalty.

**Method of Evaluation:**

Grading policies and workload expectations are standardized across Concepts sections in order to ensure fairness. Although we recognize that you are taking this course on top of four other full-unit classes, it is important that you take your coursework here seriously. Concepts of Fitness and Wellness should easily be “passable,” but it is not possible to pass the class simply by showing up. **You must attend all classes and be an ACTIVE participant.**
