Catalog Description:

The focus of this course is the intersection of culture and healthcare. In this course the student will develop an understanding of health, illness and the meanings of these concepts for members of non-western socio-cultural populations. Topical points include; culturally bound practices and the impact on healthcare practices and decision-making, structures that promote access to healthcare and structures that impede access. The concept of delivering culturally competent care will be examined and strategies for promoting competence will be explored.

Program Philosophy:

The process of learning involves accountability, diversity, mutual respect, openness, honesty and a reality base. The core components for the curriculum are Community, Holism, Inquiry & Professionalism (CHIP). These core components provide the foundation for the program and learning outcomes and are detailed in the Student Handbook. <http://home.moravian.edu/public/Nursing/HandbooksPage.html>

Course Objectives:

1. Examine cultural influences on healthcare decision making in non-western cultures.
2. Examine personal views relating to access to healthcare.
3. Recognize structures that influence access to healthcare.
4. Propose strategies to incorporate into healthcare to overcome barriers to healthcare.
5. Develop person strategies to facilitate delivery of culturally competent care.

ACADEMIC HONESTY

You are required to read the entire Academic Honesty Policy, found in the Student Handbook. In short, you need to know that cheating and plagiarism will not be tolerated. Plagiarism is the misrepresentation of someone else's work as your own. This includes such instances as quoting directly from a published work without giving the author credit (i.e. proper citation), inserting the author's words as your own, using or "borrowing" another student's work, buying a paper from a professional service, etc. It is your responsibility to be familiar with what constitutes plagiarism and, in the event of uncertainty, to ask in a constructive manner about an assignment in question before it is due in a final version. You are also required to keep all note cards and rough drafts on papers and assignments until given a final grade for that course. Evidence of plagiarism and cheating will be dealt with in accordance with the college policy on academic honesty found in the Student Handbook. In the event of a suspected infraction – in fairness to your peers and the standards of the college – it is my job to send the materials in question to the Academic Affairs Office. You may meet with Dean Carol Traupman-

Carr to discuss the charge and the procedures for appealing, but she alone does not make a decision on whether or not to uphold the charge or the penalty.

Inclement Weather: College policy will be followed relative to inclement weather. Please check the College web-site or call (610) 625-7995 for any announcements relative to weather and the cancellation of class.

Notes:

Please note that it is within the instructor's purview to apply qualitative judgment in determining grades for any assignments and for the course final grade.

Please also note while I will try to hold to the flow of the syllabus it is subject to change over the course of the semester.
