COURSE REQUIREMENTS

NOTE ABOUT MEETING DEADLINES FOR ASSIGNMENTS:

Extensions for due dates are not given. Late assignments receive a grade of "0."

1. Field Experience

Students are required to follow all the procedures and guidelines as outlined in the field experience handbooks and course syllabi. Failure to accurately report attendance and performance will be considered a violation of academic honesty policy and will result in appropriate sanctions as outlined in the Student Handbook.

2. Weekly Reflective Journal & Lesson Plans: Google Docs

You must submit **all** of your lesson plans to your cooperating teacher 48 hours before you plan on teaching them, or else you are not permitted to teach. This is a College policy. Students and cooperating teachers should tailor the lesson format, found at the end of the syllabus, according to their particular classes and projects.

All lessons should be part of a **Reflective Journal**, which should be a "Shared" folder on Google Docs/Drive. Inside this folder, you will place:

1. **Weekly packet of lessons. Save them by date, for instance "1.13.13 lessons" and "1.20.13 lessons"**
2. **1 page written critique/highlights of assigned readings**, due on the day they are assigned
3. **1-page written critique of an IEP Meeting**, due on the last day of class
Consult with your cooperating teacher, and attend an IEP meeting during one of your student teaching experiences. Write a 1-page reflection on this experience and how you might incorporate suggested goals and instructional strategies in your teaching in the future. Do not use any names or any other descriptions that might identify the child.

3. Weekly evaluations by your cooperating teacher & supervisor

Your cooperating teacher will complete an evaluation each week. Please submit these forms to me each Tuesday. I will also observe you teaching and complete an evaluation each week. We will review this evaluation together and you will get a copy. "Share" the specific lesson that I will observe on Google Docs 48 hours prior to my scheduled meeting.

4. Completion of two PDE 430 forms

In addition to the weekly observation report, the PDE 430 form will also be completed. I will be looking for evidence of each of the four areas required in the PDE 430 Form: Planning and Preparation; Classroom Environment; Instructional Delivery; Professionalism. At the end of each experience we will review the completed forms. **If you earn a "0" on any portion, you will not be certified to teach. It is possible to pass student teaching, but not get certification if you receive a "0" on any section of the PDE 430.**

5. Two (2) video-taped lessons (one in the elementary school; one in middle/high school)

You will videotape yourself teaching one lesson during each experience and we will view this video together in class for group feedback and critique.

Grading: 25 points each:

- Video clearly shows the student teaching the lesson
- Audio is working; we can hear what is happening in the lesson
- Video shows the classroom set up, where projects are stored, how materials are distributed and collected, and any other parts of the classroom environment
- Entire lesson is shown, including welcome through dismissal

6. Participation in Senior Thesis Exhibition, Payne Art Gallery. See separate Assignment Sheet for requirements.

7. Presentation of your final, completed portfolio. See separate Assignment Sheet for required parts of the portfolio.

EXPECTED NUMBER OF HOURS TO SPEND ON COURSEWORK, OUTSIDE OF CLASS TIME

Students are expected to spend 8-10 hours, outside of class time, on assignments, readings, trips, and/or fieldwork. The student work in this course is in full compliance with the federal definition of a four-credit hour or two-credit hour course.

- For a 4-credit/1-unit courses, students must spend a minimum of 174 hours on coursework including class time
- For a half-unit/2 credit course, students must spend a minimum of 87 hours on coursework including class time

ATTENDANCE

The Art Department established this department-wide attendance policy to apply to students in all art classes. For classes that meet once a week: **After the first unexcused absence, final grade will be dropped by one full letter. After the third unexcused absence, student will receive a failing final grade.**

An excused absence is one confirmed by a note from the Dean's Office, Student Services, the Learning Center, or verified with a doctor's note (within 24 hours of illness). Death in family should be confirmed with Student Services. Documentation is required for sports. Coach should email a note to instructor confirming matches, meets, departure time for away games, or anything that would require absence from class. Practice is not an excused absence. Job interviews or doctor's/dentist's appointments are not to be scheduled during class.

MISSING PORTIONS OF CLASS: THE FOLLOWING COUNT AS UNEXCUSED ABSENCES

- More than 15 minutes late for class
- Failure to bring supplies to class
- Failure to return from break
- Leaving class half an hour or more early
- Being tardy more than 3 times. Tardiness: being 5 to 15 minutes late for class

Students: If you are late or absent, it is your responsibility (not the professor's) to find out what you missed and to catch up in a timely manner.

GRADING

Each assignment has a detailed, corresponding "Assignment Sheet" that describes the requirements and grading rubric for each project. It is the student's responsibility to read and follow the assignment sheets and understand the grading rubrics. Ask the professor any questions about these Assignment Sheets. We will go over them in detail during class.

All grades are posted on Blackboard. It is the student's responsibility to check grades regularly. **NOTE: The "Final Grade" column on Blackboard does NOT factor in your grade based on attendance.** See attendance policy in this syllabus for how your attendance affects your final grade.

It is within the instructor's purview to apply qualitative judgment in determining grades for an assignment or for a course. That means the professor can apply **her own discretion** at whether or not a grade **for an assignment or final grade** will be rounded up or down, depending the student's qualitative work, such as taking initiative and leadership roles in class, meeting deadlines, seeing projects through to completion (not switching ideas), never using phones or ear buds during class, making meaningful contributions to class discussions, seeking out help from the professor when needed, and/or helping classmates during field trips and attending special events. These are contributions to class that cannot be quantified with a percentage. Going above and beyond what is expected will ensure that all grades are "rounded up."

LEARNING SERVICES OFFICE

Students who wish to request accommodations in this class for a disability should contact Elaine Mara, assistant director of learning services for academic and disability support at 1307 Main Street, or by calling 610-861-1510. Accommodations cannot be provided until authorization is received from the Academic Support Center.

ACADEMIC HONESTY

Institutional expectations and the consequences of failure to meet those expectations are outlined in the Moravian College Student Handbook 2011-2012 found online at:
<http://www.moravian.edu/studentLife/handbook/academic/academic2.html>

PLAGIARISM

If an instructor suspects plagiarism or any other form of academic dishonesty, the student will be asked to show the notes and drafts contributing to the final version of a paper. The instructor also has the right to review any books or periodicals that were used. The grade for the paper will be suspended until these materials have been reviewed. An instructor who suspects a student of violating the policy on academic honesty with regard to an assignment, requirement, examination, test, or quiz will consult with the Department Chair and Academic Dean using a blind copy of the work in question, to verify the violation. If the charge is verified, the instructor will, in almost all cases, **assign either a grade of zero to the academic work in question or a failing grade in the course** in which the violation occurred. The student must be informed in writing of the alleged violation and penalty; a copy of this memo must be sent to the Associate Dean of Academic Affairs. A student may appeal either a charge of academic dishonesty or a penalty as follows: First, to the course instructor. Next, in the case of a First Year Seminar, to the Chair, First Year Seminar. Next, to the Academic Standards Committee, chaired by Associate Dean for Academic Affairs.

Moravian College Student Chapter of the National Art Education Association (NAEA)

All students are encouraged to attend bi-weekly meetings of the Student Chapter of NAEA. Join us to help plan art education workshops, conferences, fundraisers, art camp for kids, and professional development opportunities. Students will network with other art educators from across the state and country and meet other art education students in colleges and universities. Take a leadership role and gain valuable experience for your future career.

Art Department Mission Statement

The Moravian College Art Department cultivates a vibrant academic community committed to creative and critical thinking. Our faculty and students share a passion for art as a celebration of the mind's imaginative and intellectual powers. Art is by nature an interdisciplinary and trans-cultural field that invites students to consider how art reflects and shapes society, politics, ethics, and culture. At Moravian College, art-making is a form of meaning-making that relies on invention, research, and an infinitely curious mind to construct new knowledge, foster self-expression, and explore visual communication. Students are given the opportunity to unleash their creativity through dynamic projects that embrace risk-taking, problem-solving, revision, and self-reflection.

Working at the forefront of new approaches to teaching, learning, and technology, the Art Department is grounded in strong traditional foundations. Our program lays the ground-work for students to integrate and appreciate art throughout their lives, encouraging leadership in their fields and within the global community. Under the mentorship of our outstanding faculty, our students are provided with a strong, personalized academic major, combined with innovative hands-on learning experiences and opportunities for community engagement and collaboration. The Art Department is committed to providing professional opportunities through our internships; in-house graphic design studio; student teaching; on- and off- campus student exhibitions; visiting guest lectures; study abroad experiences; student-run organizations; and participation in conferences, workshops and presentations.

ART DEPARTMENT PHILOSOPHY

Contemporary visual culture includes real-time and interactive media, mass communications, and art. To develop a critical intelligence, students must learn how to question.

Making art is based on experimentation and revision. Asking how, why, when, and by whom images are made should be integral to the liberal arts enterprise. The process of discovery and adaptation used in art-making could contribute profoundly to all disciplines. The informed contemporary liberal arts student cannot, without understanding the history of representation, make decisions about the meaning and value of their persistent attraction to static and moving images.

I'm an Artist tells the story of the often hidden children of our times—students with learning disabilities. In this heartwarming documentary young adults with Down syndrome, autism, and behavior issues collaborate with a dedicated teacher to create artwork for their first professional gallery exhibition. As the students draw, color, and paint we witness how these children, who often struggle in life every day, gain confidence and self-acceptance through artistic expression. <http://www.imanartistmovie.com/>
