

Any additional reading requirements will be identified in class.

Classroom Management Policy: N/A for this student this semester.

Cell phones and electronic equipment are not permitted during class without express permission. Turn them off completely or do not bring them into the classroom. If you must leave the classroom request permission.

Attendance and Class Participation:

The attendance policy is simple. You need to make every scheduled class on time and prepared unless the college has canceled classes. Govern your schedule accordingly. Missing class and being late is disrespectful to Moravian, and to yourself. The lectures are intended to supplement the readings and presuppose your familiarity with assigned subject readings.

If there is an emergency, communicate this to me directly via the contact information at the beginning of this document. Your productive and positive participation is encouraged. Successful dialogue and participation requires diligent preparation by keeping current with assignments. Demonstrating an open mindedness to new viewpoints and a willingness to explore and explain your own thinking in a positive and appropriate manner is part of your total grade.

Academic Policy:

Academic honesty is a value expected at Moravian and the academic community expects you to conduct yourself and your work ethically and honestly. Plagiarism and cheating will not be tolerated. The policy is that the student must keep all note cards and rough drafts of a paper or presentation. The instructor may request these materials, along with the sources at any time. If you need help I will assist you with the material.

Student is solely responsible for the work and for making sure that their work represents their own efforts to meet the academic requirements of this course. The penalty for plagiarizing or cheating on an exam will be an "F" for the course.
