**COURSE DESCRIPTION:**

This course is designed to explore the world of deviant behavior in society. Students will be introduced to the nature and functions of social deviance, the major theoretical approaches to the causes of deviant behavior, why deviance occurs (Essentialism), and society's response to deviance (Functionalism). Through readings, lectures, activities, and group discussions, students will investigate such topics as crime and punishment, reactions to deviance, and how individuals and groups respond to strain. Other forms of deviant behavior, including violence, ritualistic behavior, body modification, drug/alcohol abuse, and sexual deviance, will be discussed throughout the semester.

**GOALS:**

- To identify deviance in its various forms throughout our society
- To develop an understanding of society's reactions toward deviant behavior
- To review and discuss major sociological theories that deal specifically with deviant behavior
- To gain empathy for those different than ourselves

### **COURSE POLICIES:**

#### **ATTENDANCE POLICY**

While it is understood that there are circumstances that could prevent a student from attending class (illness, family emergency), **regular attendance is fully expected**. If a class is missed, the student, in such a case, is expected to **notify the instructor** as soon as possible of the situation. Students should also check with the instructor regarding missed work or assignments. This is your responsibility!

Attendance will be reflected in your Class Participation grade. Because regular attendance is expected, students may find it difficult to make up class activities that take place during classes for which they are absent. Missed work will result in lost points toward your Class Participation grade.

Each unexcused absence will result in a 5 point deduction from the final Class Participation grade. Students using cell phones or any other unnecessary electronic devices during class shall be considered absent from that class and will incur a 5 point deduction as they would for an unexcused absence.

Class participation, for the purpose of this semester, will be measured by student attendance, attentiveness, and contribution to discussion.

### **MISSED TESTS, QUIZZES, AND LATE ASSIGNMENTS**

Every possible effort should be made to take exams and quizzes on the scheduled dates. Test and quiz dates will be announced with at least a one week notice.

Hard copies of all papers and written assignments must be submitted in person at the beginning of class on the given due date. **In short, do not email your papers!** Any paper or assignment not submitted in this fashion will be considered late. Late papers will be accepted with a penalty (10% deduction) for each day late (including weekends and holidays).

### **ACADEMIC HONESTY**

Students should acquaint themselves with the college's policy on Academic Honesty in the current **Student Handbook**, specifically both sections entitled "Plagiarism" and "Cheating." Any student found to have not upheld the college's policy shall be dismissed from the course, and assigned a grade of F. Students are urged to see the instructor if they have any questions regarding this matter.

### **COURSE OUTLINE AND LECTURE TOPICS**

The instructor, with cooperation from the class, will make every effort to cover the list of topics on the following page. This list of topics and the syllabus are subject to modification to best fit the needs of the class.

Students will be given weekly reading assignments and should be ready at all times to discuss the content. Short chapter quizzes will also be given during the semester to ensure that reading assignments are completed.
