HUMAN RESOURCE DEVELOPMENT:

1. Integrate technology, media and interpersonal competencies to effectively communicate to the class and professionals.
2. To self-reflect and explore who you are, where your strengths lie, and to identify opportunities to excel personally and professionally (creation of an ePortfolio will guide this *process*).

4. Identify, define and apply the correct OB/L models, concepts, and processes to “real world” buzz.
5. Enhance presentation and teamwork skills.

COURSE PROCEDURES: Learning is most effective when the students are *actively* involved and responsible for the experience. The major approach to gaining mastery in OB and Leadership will be individual study, reflection, and teamwork combined with class discussions and sharing of ideas, projects, and reports. This is your class—your learning experience. Make the most of it by:

1. Reading all assignments prior to class & CHOOSING YOUR ATTITUDE!
2. Coming to class prepared with the required text – BE THERE & PLAY!
3. Utilizing the online tools available to you.
4. Attending and participating in class seminars and discussions both synchronously and asynchronously – BE THERE, PLAY, MAKE THEIR DAY, & CHOOSE YOUR ATTITUDE!
5. Completing the conventional and experiential exercises, which may involve opinion generation, analysis, observation, personal practice, and library research.
6. Completing self-assessments and ePortfolio Projects- BE THERE, PLAY, MAKE THEIR DAY, & CHOOSE YOUR ATTITUDE!
7. Completing the examination & quizzes.
8. Maintaining and sharing your ideas each week (*OB/L Buzz with Dr. D.*) – BE THERE, PLAY!
9. Exploring and adopting the principles of the FISH! Philosophy as a way of being.
10. Participating fully in the cooperative “learning” adventure!

MISSION RELEVANCE: The course will help students to understand and apply organizational behavior and leadership concepts as a business practitioner. Examples of current OB/L opportunities will be reviewed as a basis for learning how excellent companies employ the strategies taught. An awareness of the dynamic environment of organizational behavior will better prepare the student for a successful career in business.

*Note: You are entering a learning environment where the performance formula ($P = f(M * A * E)$): Performance is a function of Motivation, Ability and Environment is the theoretical framework that will guide our work together. If you come willing (*M*) to learn, this course is designed to help enhance your knowledge, skills, and attitudes (*A*). My classroom culture (*E*) is driven by trust, collaboration, communication, and positive energy. In short, I live FISH! and I encourage you to join me!*

COURSE ACTIVITIES TO MEET OBJECTIVES: The student will read the text and understand the material presented through asynchronous and synchronous class discussions, exams, guest speakers, conventional and experiential exercises, and a comprehensive term project. In order to fully meet the course objectives, you must BE THERE!

GRADING: You will have the opportunity to demonstrate your learning through scheduled examinations, active participation, exercises, and projects. Students will be assessed both qualitatively and quantitatively in this class. **Excessive absences will lower your final grade evaluation.** In addition, expect a penalty of one half a letter grade per day for late assignments.

Please plan to arrive on time and remain the entire class period. Leaving class early will constitute an absence. As part of this policy, two days tardy constitutes one absence. Absences due to illness or other reasonable causes may entitle the student to make up missed work if communicated to course facilitator. Arrange for a few peers that you can rely on to assist you in the case of your absence.

ATTENDANCE IS MANDATORY ☺

- ❖ **BUZZ WITH DR. D.:** As a value-add to build on our class discussions, you will contribute to our learning environment by sharing interesting, effective, ineffective, and stimulating “buzz” **pertaining to each chapter of our OB/L text.** You will share personal and professional reactions to your findings as well as those discussed in class. Your goal is to watch the news, listen to the radio, read relevant journals and/or magazines, and surf the web for the latest and greatest OB/L buzz. Relevant buzz is due for each chapter covered in class. *Hint: set a Google alert for relevant buzzwords!* See Tools tab on blackboard for help. ☺
 - **Please share buzz** pertaining to one chapter (of your choice) that we are covering each week for discussion (i.e.: week 1 – you may bring buzz on Ch. 1 or 2...). You can earn up to 10 stars for each of the 10 weeks we will cover chapter material. *Note: you cannot earn more than one star per week. 1 star = 10pts.* **Please bring to each class for discussion.**
- ❖ **EXERCISES:** In an effort to enhance your understanding of the components included in OB and Leadership, be prepared to use writing to explore your reactions to both contemplated and learned materials through both conventional and experiential exercises. *Conventional:* You will be reacting to scenarios, case studies, as well as to peer-work. **Access to the online CourseMate**

1 7 4 2

and access to our Google + community is required for this course. You will use writing to explore your thinking, feeling, and learning. The informal exercises will also serve as formative assessments (identifying the areas that you and I can take action on to improve both instruction and learning) for our class.

- **ONLINE COURSEMATE WEEKLY ASSIGNMENTS**
 - Please complete each chapter quiz after we discuss each chapter
 - **STRESS AND COMMUNICATION INTERVIEW (CH 7 & 8)**
 - Please find a business professional to interview (face-to-face or via phone permitted). Using the concepts from chapters 7 and 8, please explore stress in the workplace, how it is managed, and the role communication plays in encouraging a healthy work culture. Please post your report to the forum created on blackboard.
 - **FISH! TALES READING AND WEEKLY ASSIGNMENTS**
- ❖ **SELF-REFLECTION PROJECT:** In order to holistically develop your skills as a student learner and aspiring professional, it is imperative that you know yourself deeply. You must know your strengths and you must be able to self reflect. Great news – this class will encourage you to use your leadership lens! Are you excited yet? ☺ Please complete the self-assessment for each chapter (found on the coursemate and posted to our G+ community) and prepare a **one-page reflection** (no longer) integrating our OB/L and FISH! learnings.
- **ROLE AND AUDIENCE.** Based on our learnings in class, students will be asked to explore OB/L concepts in action while using the FISH! Philosophy in this applied learning experience. Consider this hands-on learning experience as an exciting exploration into data gathering and discovery of how to develop and enhance your performance, using an OB/L lens. You may use your colleagues in this class as resources; other forms of data gathering such as interviews with friends and family, observations, and review of organizational theories will be required. This class will be an environment that enhances your knowledge while developing critical thinking skills that will drive your ability to self reflect.
 - **FORMAT OF PAPER(S).** All work will be double-spaced with 1-inch margins, and 12-point Times New Roman font. Please include the four principles of the FISH! Philosophy (Be There, Play, Make Their Day, and Choose Your Attitude), analyze evidence of how you came to your discovery, and present a strong position for how this will enhance your overall performance. Each paper should be typed, proofread before submission, and contain appropriate citations both within the text and as references at the end of the paper. Again, keep personal copies for yourself. These papers will result in semester long research concerning OB and Leadership and your discoveries. You will explore themes, alternative approaches, and perspectives. Be prepared to write, evaluate, give and receive peer and instructor feedback and then discuss changes over the course of the semester. In fact, our goal is to create an independent, peer-supported learning environment for sharing struggles and insights, heights and depths, and learning through our mutual adventure. Please be prepared to formally present your finding(s) over the course of the semester.
 - **EXPECTATIONS ABOUT THE PROCESS.** Did you know that **learning is a process**? “If the process is sound, the product will take care of itself” (W. Zinsser). Each paper will be a culmination of learnings that will be evaluated over the course of the semester. Your writing will communicate your exploration of *the self*; using an organizational behavior and leadership lens. Using all of your resources, each paper shall be well written, and professionally developed.
 - **CRITERIA FOR EVALUATION.** The final product will be graded holistically with a single letter grade, as per the grading schedule listed in this syllabus. An ‘A’ final paper meets all the

criteria for this assignment. The writer(s) will show an understanding of the key concepts learned in this class by synthesizing what has been learned in class with this program evaluation. Each paper will be organized, well written, fully developed and will be free of ambiguity, grammatical and mechanical errors. EACH PAPER WILL BE SUBMITTED TO THE PROFESSOR ON OR BEFORE THE DESIGNATED DUE DATE.

Your work is the culmination of your learning, thinking, problem solving, and executions. The experience *should be* exciting, frustrating, fun, difficult, and an excellent learning adventure.

***This is a perfect candidate for inclusion in your learning portfolio.*

Tests are intended to ensure that students have grasped the fundamentals of OB/L and are ready to build on that knowledge. Thus, you need to be present in class to benefit from the knowledge shared both from your instructor and your peers! Some of the richest discussions will be those shared among classmates; your discussions to the class as a whole are encouraged.

MIDDLE STATES ASSOCIATION OF COLLEGES AND SECONDARY SCHOOLS ACCREDITATION: The Middle States Commission on Higher Education accredits Moravian College based on an evaluation of the school as a whole rather than on just one program; this designation acknowledges our commitment to educational excellence.

STATEMENT ON ACADEMIC INTEGRITY: Moravian College exists to educate our students. Since Moravian is a community whose purpose is the pursuit of knowledge and holistic development, the entire campus is committed to the principles of academic integrity and honesty.

In our class, academic integrity is the responsibility of everyone – students and teacher. We are responsible for honest effort in the pursuit of knowledge. In taking this class you are responsible for attending class, being alert in class, completing all assignments to the best of your ability, contributing to a nurturing learning environment both in and out of class, and researching and studying with the spirit of discovery and competence building. I am your resource person in this endeavor and I am always willing to work with you.

CLASSROOM ETHICS: We are all expected to respect the learning environment of others; supportive, constructive comments are encouraged and humor is welcome. Harassment, cheating¹, plagiarism², and other similar behaviors will not be tolerated. Anyone who engages in such behavior may be removed from the class and earn a grade of 0 for the course.

¹ In this class, cheating is defined as intentionally using or attempting to use the words, ideas, or answers of another student, using unauthorized materials in any academic exercise, or making choices driven by dishonest motives. Please protect your work from unauthorized use.

² In this class, plagiarism is using the words or ideas of another without clearly acknowledging the source of that information. To avoid plagiarism, you must give credit or give a citation whenever you use another person's idea, opinion, or theory or use facts, statistics, graphs, drawings, and/or quotations.

CELLULAR PHONE POLICY: To provide an optimum environment for learning, all cellular phones must be kept on silent alert (vibration or visible flash) while in the classroom. Any calls must be answered outside the classroom. Please refrain from text messaging, checking email or searching the web during class time. **Additionally, cell phones are to be off your desks while taking exams.**

INCLEMENT WEATHER POLICY: In hazardous weather conditions, the College may be closed and classes cancelled, or the college may opt to run on a two-hour delayed schedule (see below). The decision to close or delay the opening of classes will be announced on the inclement weather hotline, 610 625-7995, and will be communicated on the following radio and TV stations: WLEV-FM 100.7, WAEB-FM 104.1, WAEB-AM 790, WCTO-FM 96.1, WRFY-FM 102.5, WBYN-FM 107.5, WODE-AM 99.9, WWYY-FM 107.1, WKFB-FM 107.5, WSBG-FM 93.5, WZZO-FM 95.1, and WFMZ-TV (Channel 69). These closings or delays will also appear at the top of the login page on the College's internet portal AMOS (amos.moravian.edu) as well as the College's website (www.moravian.edu <<http://www.moravian.edu>>). College-wide cancellations *after the start of the class day* will be announced on the public-address system of the HUB, the campus e-mail system, the radio and TV stations mentioned above, and AMOS and the College's website.

TWO-HOUR DELAY: If the decision has been made to open with a two-hour delay, the day does not begin with third-period classes; it begins with first-period classes on a shortened schedule. When following the delayed schedule, please note that there will be no "A" or "B" periods. A 2-hour delay does not affect courses, which begin at 4PM or later. Those courses would run on their normal schedule, if the college were open. Morning and afternoon science labs and studio art classes have their own schedule. Music lessons and practice are cancelled for the day when the delayed schedule is in effect.
