“You can’t make a great play unless you do it first in practice.” ~ Chuck Noll

Course Procedures: Learning is most effective when the students are *actively* involved and responsible for the experience. The major approach to gaining mastery in management will be

individual study, reflection, and teamwork combined with class discussions and sharing of ideas, projects, and reports. This is your class—your learning experience. Make the most of it by:

1. Reading all assignments prior to class
2. Coming to class prepared with the required text
3. Utilizing the online tools available to you
4. Being alert to current *management* news
5. Attending and participating in class seminars and discussions
6. **Completing the all homework** which involve opinion generation, analysis, observation, and library research
7. Fully participating in a team-based, learning
8. **Completing the two examinations and the final**
9. **Composing a management research topic**
10. Participating fully in our cooperative learning adventure

Mission Relevance: The course will provide students with an enriched learning environment to aid in the understanding and application of management concepts. Examples of current *management* practices will be reviewed as a basis for learning how companies employ the strategies taught. The understanding of management principles and organizational theory, grounded in a business ethics framework, will better prepare students for a vocation in business.

Course Activities to Meet Objectives: The student will read the text and understand the material presented through class lectures, exams, guest speakers, exercises, asking questions, and complete assignments. In order to fully meet the course objectives, you must be present in class!

Attendance: Students demonstrate their responsibility in the regularity and punctuality of their attendance. Please plan to arrive on time and remain the entire class period. Leaving class at the break will constitute an absence. As part of this policy, 3 days tardy constitutes 1 absence. Absences due to illness or other reasonable causes may entitle the student to make up missed work if communicated to course facilitator. Absences beyond 3 *for exceptional reasons* may be excused only upon presentation of a letter from a physician or other acceptable documentation. If the number of absences exceeds 3, the student's grade will be lowered by one letter. If the absences exceed 6 in a semester, the student will be issued an "F" for the course. YOU are responsible for all information, assignments, revisions, announcements, and etcetera. Arrange for a few peers that you can rely on to assist you in the case of your absence.

Attendance is Mandatory ☺

Grading: You will have the opportunity to demonstrate your learning through scheduled examinations, active participation, exercises, and projects. Students will be assessed both qualitatively and quantitatively in this class. **Excessive absences will lower your final grade evaluation.** In addition, expect a penalty of one half letter grade per day for late assignments.

Exam 1	20%
Exam 2	20%
Final exam	20%

Take pride in your work, but most of all take the time to have fun and enjoy the ride. All exercises must be typed, proofread, and delivered on or before the due date. Delivery may be in hard copy. *Please use a left justified header with your name, exercise name, course #, and date unless otherwise specified.*

- ◆ **Exercises:** In an effort to enhance your understanding of the components included in management, be prepared to use writing to explore your reactions to both contemplated and learned materials. You will be reacting to scenarios, case studies, as well as to peer-work. You will use discussion to explore your thinking, feeling, and learning.

- ◆
 - **Exams:** The non-cumulative, in-class, session-long, examinations are a combination of multiple-choice (specific terminology recognition, knowledge, and application) and essay (application, analysis, and synthesis). Test questions will be derived from the text and lectures. Tests are intended to ensure that students have grasped the fundamentals of management and are ready to build on that knowledge. Thus, *you need to be present in class* to benefit from the knowledge shared both from lectures and from your peers! Some of the richest discussions will be those shared among classmates; your discussions to the class as a whole are encouraged.

When following the delayed schedule, please note that there will be no "A" or "B" periods. A 2-hour delay does not affect courses, which begin at 4PM or later.
